

GGGAATTTCCC

A horizontal sequence of ten DNA base letters: G, G, A, A, T, T, T, C, C, C. The letters are color-coded: G is yellow, A is green, T is red, and C is blue. Below the letters is a reflection effect consisting of three horizontal lines (red, green, blue) and three overlapping circles (yellow, blue, yellow) for each letter, creating a 3D-like appearance.
