

T A G T C A C C C G

The image displays a DNA sequence logo for the sequence TAGTCCCG. The letters are color-coded: T (red), A (green), G (yellow), T (red), C (blue), A (green), C (blue), C (blue), and G (yellow). Below the letters are horizontal bars of various colors (blue, yellow, green, red) that represent the relative frequency of each nucleotide at each position. The sequence is TAGTCCCG.
