

GGGAAAATTTT

A graphic representation of the DNA sequence GGGAAAATTTT. The letters are arranged in a single row. The first three letters are 'G's in yellow, the next two are 'A's in green, and the last five are 'T's in red. Below each letter is a reflection effect consisting of a thin horizontal line and a semi-transparent, inverted version of the letter's color. The 'G's have a red line and green reflection, the 'A's have a red line and yellow reflection, and the 'T's have a blue line and yellow reflection.
