

T A T G T T G C A A T A

The image displays a sequence of twelve nucleotide bases: T, A, T, G, T, T, G, C, A, A, T, A. Each base is rendered in a large, bold, sans-serif font. The colors of the bases are: T (red), A (green), T (red), G (yellow), T (red), T (red), G (yellow), C (blue), A (green), A (green), T (red), and A (green). Below each base, there is a reflection effect consisting of a semi-transparent, inverted version of the base, creating a 3D-like appearance. The reflection colors are: T (blue), A (orange), T (green), G (red), T (blue), T (blue), G (green), C (red), A (blue), A (blue), T (orange), and A (orange).
