

AAGGCCGAAAGT

A colorful DNA sequence logo where each letter is represented by a stack of three colored bars. The sequence from left to right is AAGGCCGAAAGT. The colors used are red, blue, green, and yellow. The letters are arranged in a staggered, overlapping manner. The 'A' letters are in green, 'G' letters are in yellow, 'C' letters are in blue, and the 'T' letter is in red. The bars are stacked vertically, with the top bar being the most prominent and the bottom bar being the least prominent. The sequence is presented in a bold, sans-serif font.
