

A T T G C G C A A C

The image displays a DNA sequence logo for the sequence A T T G C G C A A C. The letters are arranged horizontally and are color-coded: A is green, T is red, G is yellow, and C is blue. Below each letter is a smaller, multi-colored shape representing the base pairing: A pairs with T, T with A, G with C, and C with G. The colors used are green for A, red for T, yellow for G, and blue for C.
