

A T T T G C A T A A C A A A T G

The image displays a sequence of nucleotide bases: A, T, T, T, G, C, A, T, A, A, C, A, A, A, T, G. The letters are rendered in a 3D style with shadows. The colors of the letters are: A (green), T (red), T (red), T (red), G (yellow), C (blue), A (green), T (red), A (green), A (green), C (blue), A (green), A (green), A (green), T (red), G (yellow). Below the main sequence, a secondary sequence of bases is overlaid: G (yellow), T (red), G (yellow). The letters in the secondary sequence are smaller and positioned directly below the corresponding letters in the main sequence.
