

TGGGGAAGG

The image displays a DNA sequence TGGGGAAGG. The letters are rendered in a bold, sans-serif font. The 'T's are red, the 'G's are yellow, and the 'A' is green. Below the letters, horizontal lines of corresponding colors (red, yellow, green, blue) represent base pairing. The sequence is TGGGGAAGG, where the first T is paired with an A, the second G with a C, the third T with an A, the fourth G with a C, the fifth G with a C, the sixth G with a C, the seventh A with a T, the eighth G with a C, and the ninth G with a C.
