

G C C A C C C A

The image displays a sequence of eight nucleotide bases: G, C, C, A, C, C, C, A. The bases are arranged horizontally. The first base, G, is orange. The second and third bases, C and C, are blue. The fourth base, A, is green. The fifth, sixth, and seventh bases, C, C, and C, are blue. The eighth base, A, is green. Each base is rendered in a bold, sans-serif font. Below each base is a shadow of the same color, slightly offset to the right and down. The background is white.
